

# CARDBOARD SILL

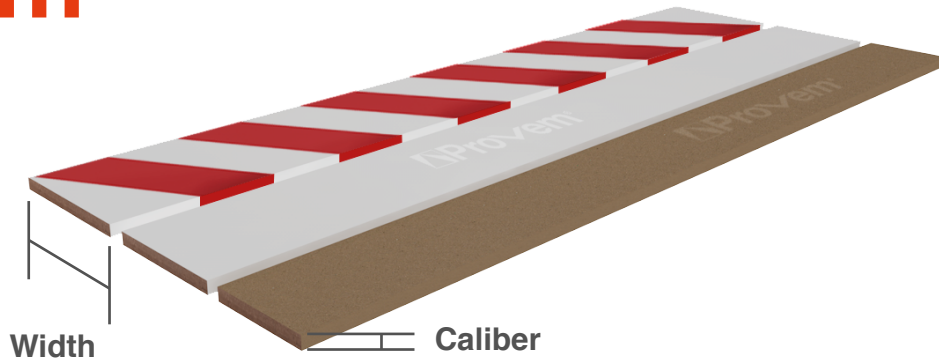

**It is an ideal substitute  
for wood in packing.**

The cardboard sill is a strong uniform piece of cardboard to be an ideal auxiliary in the separation and identification of products in batches that facilitates exports.

Ideal for the manufacture of displays and POP.

## **Benefits of using a cardboard sill:**

- Protects the apex or edge of your products.
- Absorbs strapping pressure.
- 100% recyclable product.
- Protection of equipment and furniture.

## Specifications

The cardboard sill squad is based on the following dimensions:

Widths			Calibers									Finishes
