

FOLDABLE FRAME

An alternative to the wooden frame that combines strength and functionality, ideal for self-service stores and price clubs.

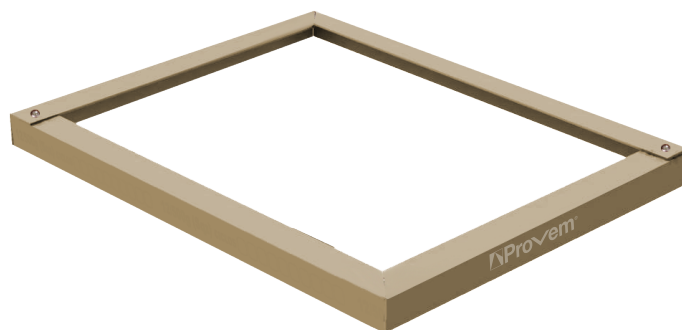

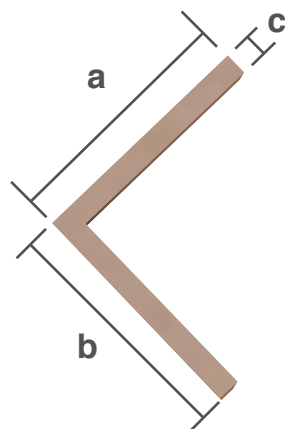

The foldable frame distributes the weight evenly on the pallet providing support thanks to its unique structure formed by corner pieces that protect all the corners of the pallet.

They can be made in two types:

- Folding frame with 4 corners.
- Folding frame with 2 corners.

Benefits of using a folding frame:

- Edge protection
- Protection against strap damage
- 100% recyclable product
- Product safety during transportation by reinforcing double stowage
- Saves packaging time
- Uniform weight distribution on the pallet
- Space saving due to its folding capacity
- Display structure
- Functions as a tray by adding a cardboard surface
- "Ready to Sell" cubes for protection of pallets, boxes, fragile items
- Protection for fragile products

Specifications

The foldable frame is based on the following dimensions:

Widths

A	2"	2.5"	3"
B	2"	2.5"	3"

Calibers

C	.120"	.140"	.160"	.180"	.200"	.225"
----------	-------	-------	-------	-------	-------	-------

Finishes

- Kraft
- White
- Kraft with printing
- White with printing

Provem® products are made from 100% recycled fibers

Uses and applications in various sectors such as:

E-commerce

Food and beverage

Distribution centers

Automotive

Pharmaceutical

Agricultural

Home Appliances

Health and beauty

POP Merchandising
